Choosing and Using Your Remedies

Refer to the list within to identify the emotional symptoms you are experiencing. All the states described are everyday human emotions that we all experience at one time or another. Each has a corresponding positive potential that shows what we can be when we are feeling ourselves.

You may select up to seven remedies at one time- simply choose the remedies that reflect how you are feeling (note: you cannot select a remedy by the positive potential – it is chosen by the negative indication). If you select more than seven, try to narrow it down to your key concerns right now.

- Always use two drops at a time of a single remedy or 4 drops (or 2 sprays) at a time for Rescue Remedy and Rescue Sleep
- For immediate use, just put 2 drops of *each remedy* directly on your tongue, add to your water bottle or beverage of choice (repeat at least 4 times per day)
- Take your Bach Flower Remedies as often as you need to
- Safe for young children, pregnant moms to be, your plants and pets!
- May be taken safely in conjunction with conventional medicines. The remedies are not addictive and may be taken as long or as often as needed to maintain healthy emotional balance
- Bach Original Flower Remedies are preserved in alcohol. If alcohol sensitive dilute or apply topically

Rescue® Remedy

Dr Bach created a special combination formula to help at times of crisis and emergency. *Rescue Remedy* contains five *Bach Original Flower Remedies* that restore a sense of calm, focus and control, often with immediate results.

Rescue Remedy is effective in any situation that causes stress or anxiety. It will help when there is no time to select single remedies. Use it to calm difficult everyday situations such as driving in traffic or stress in the workplace.

Rescue Remedy is available in dropper, spray and cream form. *Rescue Remedy Spray* is a convenient way to take *Rescue Remedy*. *Rescue Cream* has a cleansing remedy added, Crab Apple, and is a fantastic way to rescue yourself from the outside in. *Rescue Sleep* adds the remedy for a restless mind, White Chestnut, to help you sleep when you are under stress and your mind is racing.
